Message: Why is it Lincoln County is one of the few countys that will give a 10 year sentence to a convict for a grandlarceny charge < he stole a coke machine> but hands out lighter sentences for people who are putting drugs on the streets to our children? To me it would have been more reasonable to put the person who stole a coke machine on community service with him also having to get a job and paying for the coke machine and his restitution, than to put him in jail making the tax payers pay to house, feed, and clothe him.

I would like your opinion on this please.

sincerely  
Samantha King
